FURTHER INFORMATION

INTRODUCTION

Whether you're looking for something small, sporty, or spacious Nissan's Motability range offers you plenty of options.

In this brochure you'll discover the prices for a wide choice of reliable, well-equipped, surprisingly affordable vehicles – with a range of models available through Nissan's Motability Programme.

The price tables will help you decide which vehicles suit your finances. Simply select the model and transmission type that takes your interest and move along the table to the right. From here, you'll be able to see if an advance payment is required as well as how much of your DLA, PIP, AFIP, WPMS Allowance your choice of car will use each month.

Whatever your lifestyle and budget, let us help you get behind the wheel of a brand new Nissan.

For more information, please get in touch with your Nissan Motability Specialist at a local Nissan Dealership: www.nissan.co.uk/dealer-locator or email our team at Nissan: motability@nissan.co.uk

Good Condition Bonus

If you return your car in good condition, you could be eligible to receive the Good Condition Bonus from Motability Operations. The amount you receive depends on the length of the agreement: it's currently £600 for a three-year lease and £900 for a five-year lease.

NISSAN MICRA

Stylish on the outside. Smart, spacious and comfortable on the inside. The Nissan Micra is designed around you. Audacious by nature, Micra's expressive yet premium design inside and out will get your pulse racing. With its signature floating roofline, Micra combines city car practicality with bold, fearless design and impeccable attention to detail. It is packed with Nissan Intelligent Mobility features, which are designed to keep you safe on the road* and help you move through life.

Key Features Available from Acenta Vision Pack Grade:

- **Apple CarPlay® & Android Auto®****
- **Rear Parking Sensors**
- **Intelligent Emergency Braking**

*It is your responsibility to stay alert, drive safely and be in control of the vehicle at all times. Driver assist features have speed and other limitations and should not be solely relied on. For more information, please refer to the owner's manual or visit www.nissan.co.uk.techterms.

**Apple CarPlay® is a registered trademark of Apple Inc. Android is a trademark of Google LLC. NissanConnect with Apple CarPlay® and Android Auto® should only be used when it is safe to do so in accordance with the Highway Code. For compatible devices, visit <https://www.nissan.co.uk/ownership/nissan-infotainment-system/android-auto-apple-carplay.html>

ALL-NEW NISSAN QASHQAI

The Qashqai is established as one of the most popular Motability vehicles in the UK and the All-New Nissan Qashqai raises the bar once again, with elegant design and premium technologies guaranteed to elevate your drive.

Bolder and even better equipped, New Qashqai is also safer thanks to new technologies and driving aids aimed at supporting you and allowing you to have the smoothest and safest drive possible. Although unmistakably a Qashqai, it has undergone a Super-Evolution with a fresh exterior design and an uplifting interior. If you require anything more, we offer a range of Motability adaptations.

Key Features available from Acenta Premium:

- **Rear View Camera**
- **8" NissanConnect with connected services including wired Apple CarPlay® & Android Auto®****
- **Intelligent front emergency braking with pedestrian, cyclist & junction assist**

**Apple CarPlay® is a registered trademark of Apple Inc. Android is a trademark of Google LLC. NissanConnect with Apple CarPlay® and Android Auto® should only be used when it is safe to do so in accordance with the Highway Code. NISSAN LEAF

The all electric Nissan LEAF, a pioneer in its segment, is now being offered for Motability customers.

It is equipped with the latest Intelligent Driving technologies, making it the perfect expression of smart & sustainable Nissan Intelligent Mobility.

With its range up to 239 Miles* from every charge of its 62kWh battery, the advanced Nissan LEAF represents low running costs, making sense for your pocket and the planet.

Key features available from Acenta grade:

- e-Pedal
- Nissan Safety Shield including Lane Departure Warning, Intelligent Emergency Braking with Pedestrian Recognition, Intelligent Lane Intervention, Intelligent Cruise Control, Rear Cross Traffic Alert & High-Beam Assist
- Apple CarPlay® and Android Auto®** Smartphone App Integration

**Apple CarPlay® is a registered trademark of Apple Inc. Android is a trademark of Google LLC. NissanConnect with Apple CarPlay® and Android Auto® should only be used when it is safe to do so in accordance with the Highway Code. For compatible devices, visit <https://www.nissan.co.uk/ownership/nissan-infotainment-system/android-auto-apple-carplay.html>

*Figures 62kWh (LEAF e+) batteries. Time dependent on charging conditions, including charger type and condition, battery temperature as well as ambient temperature at point of use.

HOW FAR CAN I GO

GO THE DISTANCE WITH NISSAN LEAF

LEAF

UP TO

168 MILES¹

FOR CITY DRIVING

NISSAN LEAF - AT HOME IN THE CITY

With 150PS² of 100% electric power, plus e-Pedal and ProPILOT³ technologies for safer, easier driving, Nissan LEAF is ideal for everyday commutes and trips around town.

LEAF E+

UP TO

239 MILES¹

FOR LONGER COMMUTE

NISSAN LEAF E+ - READY FOR THE OPEN ROAD

With its larger, power-enhanced battery and a high-power all-electric motor delivering up to 217PS², Nissan LEAF e+ is at home on the open road for commuting without compromise.

¹Range figures are obtained from laboratory testing in accordance with EU legislation and are intended for comparison between the different types of vehicles. The information does not refer to a particular individual vehicle and does not constitute part of the offer. Figures shown are for comparability purposes; only compare figures with vehicles tested to the same technical procedures. The electric range shown achieved using the new (WLTP) test procedure. Figures obtained after the battery was fully charged. Actual real world driving results may vary depending on factors such as the starting charge of the battery, accessories fitted after registration, weather conditions, driving styles and vehicle load.

²Figures quoted for 40kWh (LEAF) and 62kWh (LEAF e+) batteries. Indicated charging time based on starting charge of 20% and use of a CHAdeMO (50KW) rapid charger. Time may vary depending on charging conditions including charger type and condition, battery temperature and ambient temperature at point of use. The Nissan LEAF is designed to support the majority of journeys in daily life and is equipped with charging safeguards to protect the battery during repeated rapid charging sessions in a short period of time. The time taken for successive rapid charging can take longer if the battery temperature activates the battery safeguarding technology.

³ProPILOT is standard on Tekna and e+ Tekna, optional from N-Connecta grades. You should not rely solely on driver convenience features. Some features may not work in all conditions and circumstances. Speed and other limitations apply. ProPILOT is an Advanced Driver Assistance technology but cannot prevent collisions. ProPILOT is intended for "Eyes on/ Hands On" for motorways only (road separated by Barriers). It is the driver's responsibility to stay alert, drive safely and be able to take control of the vehicle at any time. For terms and conditions relating to Nissan technologies, please [click here](#).

NISSAN LEAF

EASY CHARGING, HOWEVER SUITS YOU BEST

There are several ways to charge your Nissan LEAF. At home, Motability Operations offer a free charging solution. On the go? A wide network of public charging stations also offer Type 2, while an increasing number offer 50 kW CHAdeMO capability.

Nissan LEAF Savings and Benefits [here](#)

HOW DO YOU CHARGE THE NISSAN LEAF?

With a large choice of charging modes from a domestic plug to public chargers, Nissan LEAF adapts to your life, your rhythm and the way you drive.

YOU CAN CHARGE AT HOME OR AT WORK

CHARGE VIA A DOMESTIC SOCKET All Nissan LEAF versions come with the cable you need to plug your car into the most convenient domestic socket for easy top up overnight or while at work.

MOTABILITY OPERATIONS OFFER A FREE CHARGING SOLUTION FOR LEAF DRIVERS When placing your application with your dealer, say yes to be contacted by BP Pulse. You'll then be contacted by BP Pulse directly who will arrange the provision of a charging solution.

For more information on the BP Pulse charging solution please click [here](#)

CHARGE ON THE GO

PUBLIC CHARGING STATIONS

There's an ever growing network of public charging stations where you can top up your Nissan LEAF on the go. They are along major roads, in petrol stations and in several "public buildings". Just plot your itinerary on the map and choose the most convenient one for the journey.

LEAF FAVOURITE CHARGING STATIONS

As of 2019, over 160.000 charging points exist across Europe including almost 10.000 QC with CHAdeMO protocol. Today, one new Quick Charger opens every day in Europe*.

*European Alternative Fuels Observatory

EXTEND YOUR RANGE

Nissan LEAF offers you two driving modes designed to extend your range and make the most of the all-electric driving experience.

B MODE: RECOVER BRAKING ENERGY

Serious about maxing out your range? Activate B Mode. It delivers more regenerative braking, which charges the battery without compromising on driving power.

ECO MODE

Choose ECO Mode to limit engine output and save energy. It slightly increases regenerative braking to boost your range, too. To get the most mileage out of your Nissan LEAF, use B mode and ECO mode at the same time.

NISSAN e-NV200

The electric Nissan e-NV200, is the ideal family van with room for 7 passengers.

Packed with latest Nissan Intelligent Mobility technologies, it redefines the way you drive, offering you a more confident, connected and exciting ride.

Equipped with the same 40kWh battery as the award winning Nissan LEAF, the 100% electric e-NV200 is a great example of intelligent power. Smooth, practical and incredibly efficient, with a maximum range of 187 miles in city conditions*

*Figures quoted are for 40kWh battery. Time dependent on charging conditions, including rapid charger type and condition, battery temperature as well as ambient temperature at point of use.

FURTHER INFORMATION

The Nissan Motability Programme developed in association with the registered charity Motability helps you move through life with more confidence.

Terms & Conditions:

Nissan reserves the right to amend or withdraw offers at any time without prior notice, including in the case of any events or circumstances beyond Nissan's reasonable control.

- 1) Advance Payment offer valid for Motability applications from 1st October 2021 to 31st December 2021 at participating dealers and subject to vehicle availability.
- 2) Advance Payment varies according to model grade. For more information on full range Advance Payment, please refer to the Nissan Motability Price List (Prices effective from 1st October 2021 to 31st December 2021).
- 3) Motability vehicles available at a fixed weekly cost for the duration of your 3 year lease agreement. Where your weekly cost is less than your Motability total allowance, the difference will be paid directly to you by the Department for Work and Pensions (DWP) or Veterans UK depending on which allowance you receive.
- 4) Motability customers agree to pay all or part of the Motability Allowance (DLA, PIP, AFIP or WPMS) depending upon the vehicle chosen for the duration of the 3 year lease agreement.

For further information and details on the full range, please email your local Nissan Motability Accredited Dealer.

Images and descriptions shown are for guidance purposes. In some instances photos are of non-UK specification vehicles and do not represent a specific model, grade or offer. The features shown may not be available or may not be available as standard or only as option.

Nissan. Innovation that excites.
